Professional Summary

Data Analytics enthusiast pursuing a Bachelor of Technology in Electronics & Communication Engineering at Birla Institute of Technology, Mesra (CGPA: **7.45**). Skilled in SQL, Python, Power BI, Excel, Data Warehousing and ETL processes with hands-on experience in building analytical solutions, interactive dashboards and business intelligence systems. Passionate about solving business problems using data, AI-assisted tools and analytics-driven decision making.

Education

Birla Institute of Technology, Mesra

Sept 2023 – Present

Bachelor of Technology (Electronics & Communication Engineering)

CGPA: **7.45** / 10

Saraswati Shishu Vidya Mandir, Giridih

Class XII: **89.6%**

2022

Class X: **94.4%**

2020

Technical Skills

Programming Languages: Python, SQL, Java, JavaScript

Analytics & Business Intelligence: Power BI, Microsoft Excel, Data Cleaning, Data Visualization, Dashboard Development, KPI Design

Database Technologies: SQL Server, MySQL, MongoDB

Core Concepts: Data Warehousing, ETL, Data Modeling, DAX, DBMS, Business Intelligence, Statistics

AI Fundamentals: Prompt Engineering, Large Language Model (LLM) Basics, Generative AI, AI-assisted Development

Tools: Git, GitHub, VS Code

Projects

Data Warehouse & Analytics System (SQL Server)

SQL Server — ETL — Data Warehousing

- Designed and implemented a three-layer Data Warehouse architecture (Bronze, Silver and Gold) using SQL Server.
- Developed ETL pipelines using Stored Procedures for data extraction, transformation and loading.
- Performed data cleaning, validation and quality checks to ensure reliable reporting.
- Built dimensional data models and analytical views to support business intelligence.
- Automated data transformation workflows and optimized SQL queries for analytics.

PhonePe Business Dashboard

Power BI — DAX — Business Analytics

- Cleaned and transformed business datasets using Power Query for accurate reporting.
- Built relationships between tables and designed a robust data model using Date Table and Measures Table.
- Developed KPI Cards, DAX Measures, Month-over-Month (MoM) and Year-over-Year (YoY) analysis for business performance tracking.
- Designed a professional PhonePe Business Dashboard featuring interactive visuals, custom tooltips, slicers and recruiter-friendly layouts.
- Delivered actionable business insights through interactive dashboards and performance analytics.

Assured Contract Farming Platform – Smart India Hackathon 2024

React.js — Node.js — SQL Server

- Led the development of a digital platform connecting farmers and buyers through secure contract farming.
- Developed dashboards for transaction monitoring, logistics updates and contract performance analysis.
- Generated analytical insights to improve onboarding, marketplace efficiency and user engagement.

Leadership & Positions of Responsibility

Head of Event Management – Finance Club

- Led the Event Management Team in planning and executing institute-level technical and non-technical events.
- Coordinated cross-functional teams, managed logistics and ensured smooth execution of activities.
- Collaborated with faculty members, sponsors and volunteers to deliver successful events.

Event Coordinator – Pantheon & Dipotsav

- Coordinated planning and execution of institute-level technical and cultural festivals.
- Managed scheduling, logistics, participant coordination and operational activities.

Achievements

- Smart India Hackathon 2024 – Internal Round Second Runner-Up.
- Designed end-to-end SQL Server Data Warehouse and Business Intelligence solutions.
- Organized multiple institute-level technical and cultural events.

Sports

BIT Mesra Cricket Team

- Represented BIT Mesra Cricket Team in the prestigious **Chetan Devraj Cricket Tournament** for three consecutive years (2024, 2025 and 2026).
- Demonstrated leadership, teamwork and the ability to perform under pressure during inter-college competitions.
